

## Instructions for Use of Rapids on an iPad

**Install the Citrix Receiver that is available for free in the “App Store”**

If you open Citrix after installing, you will get a screen like the following. You don't have to do anything here. Go ahead and close the window or just open Safari. The Launch Rapids icon on the Kern River webpage will supply all account or web information needed to open Rapids.

In Safari, navigate to [www.services.kernrivergas.com](http://www.services.kernrivergas.com)

Launch the Rapids application by pressing "Launch Rapids" from the main screen.

The screenshot shows the website interface on an iPad. At the top, there is a navigation bar with various links including 'Cisco Connect', 'DN Services', 'Trib', 'Google', 'UDOT', 'NY Times', 'NBC', 'WSJ', 'My IWON', 'RX', 'My Yahoo', 'My JHC', 'MSN Money', and 'My MSN'. Below this is a search bar and a row of tabs for different services like 'Kern...', 'MyPC Ba...', 'iCloud...', 'Error', 'Microsof...', 'iPad Insi...', 'Cannot...', 'attachm...', 'Amazon...', and 'Restaura...'. The main navigation bar includes 'Informational Postings', 'Customer Activities', 'Fast Market Capacity Sales', 'News', 'Customer Information', 'Contact Us', and 'Launch Rapids R'. The 'Launch Rapids' button is highlighted with a blue arrow.

The main content area features the Kern River Gas Transmission Company logo and a 'Daily Operational Report' for Tuesday, January 08, 2013, at 4:18 PM CCT. The report includes sections for 'Pipeline Conditions & Balancing Guidelines', 'Planned Service Outages', and 'System Line Pack'. A line graph shows the system line pack levels, with a y-axis ranging from Low to High. The graph shows a step-wise increase in line pack levels over time.

On the right side, there are sections for 'Notices' and 'Today's Schedulers'. The 'Notices' section includes 'Notice of Available Capacity' and 'Capacity Release Indices'. The 'Today's Schedulers' section lists contact information for Sharifa Kudliya and David Wainwright, including a hotline number (801) 937-6111 and an email address @kernrivergas.com.

If asked, select "Open in Receiver".

Select Ok on the “Rapids II Access” Screen.

Enter your logon information in the Rapids Login Screen.

**RAPIDS II**  
Marketing Services Hotline: (801) 937-6111  
Technical Assistance: (801) 937-6111
