Subject:	Kern River - Muddy Creek A Annual ESD Test Rescheduled		

Notice Text:

The Muddy Creek A compressor station annual Emergency Shutdown (ESD) test scheduled for June 4, 2019, has been rescheduled for May 30, 2019. The ESD test will require a complete outage of the Muddy Creek A Plant for approximately 12 hours on May 30, 2019. The operating capacity at the Muddy Creek compressor station will be 1,892,000 Dth for gas day May 30, 2019. Based on current nominations, Kern River does not anticipate an impact to primary firm transportation service.

Kern River's maintenance schedule is available on Kern River's website at: <https://services.kernrivergas.com> in the Planned Service Outage section of the Daily Operational Report (DOR). Click on the "Maintenance Schedule" link to open the new table.

If you have any questions or need assistance, please contact your Marketing & Customer Services representative or the Scheduling hotline at (801) 937-6111.
