 Subject: Kern River - Milford Compressor Station Force Majeure

Notice Text:

Kern River hereby provides notice of a force majeure effective gas day June 9, 2020, Intraday 2 cycle, due to an unexpected mechanical issue affecting the turbine engine at the Milford compressor station. Kern River is working diligently to return the unit to service. Kern River will provide an update as more information becomes available.

The Milford operating capacity initially will be set at 2,250,000 Dth. Kern River will evaluate system conditions each cycle and will increase operating capacity, if possible, based on system conditions and nomination patterns to ensure throughput is maximized.

Customers are reminded to submit their nominations in the Timely cycle to ensure gas is scheduled as early as possible. Important operational information is provided in Kern River's Daily Operational Report at <https://services.kernrivergas.com>.

Kern River requires that all customers align daily scheduled nominations with physical receipts and deliveries to ensure Kern River's line pack and system integrity are maintained.

This incident constitutes an event of force majeure under Section 7.1 of the General Terms and Conditions of Kern River's FERC Gas Tariff.

All delivery points downstream of the Milford compressor station and the following receipt points could be affected by the force majeure:

Meter Name	Meter Number
Opal	014001
Northwest Pipeline	014002
Carter Creek	014003
Whitney Canyon	014004
