 Subject: Subject: Kern River - Goodsprings Controls Upgrade Maintenance Reminder

Notice Text:

Kern River reminds its customers of the Goodsprings Controls Upgrade maintenance scheduled for Thursday, March 4, 2021, through Monday, March 8, 2021. Kern River requires all shippers and delivery point operators align daily scheduled nominations and physical receipts and deliveries.

The information below illustrates the anticipated Goodsprings operating capacity and the primary firm contracted capacity during the upgrade project (March 4-8, 2021), and average daily scheduled quantities during the same period in 2019 and 2020, and during March 1-2, 2021 (March 2 is through Evening cycle). Based on the information provided below, interruptible and secondary firm services will be impacted. The Goodsprings operating capacity is subject to change based on shipper nomination patterns and system conditions.

Mar 4-8, 2021	1,452,000 Dth/d - Operating Capacity
	1,717,976 Dth/d - Primary Firm Contracted Capacity
Mar 1-2, 2021	1,266,476 Dth/d - Primary Firm Scheduled
	1,597,318 Dth/d - Total Scheduled (includes all services)
Mar 4-8, 2020	1,316,815 Dth/d - Primary Firm Scheduled
	1,495,338 Dth/d - Total Scheduled (includes all services)
Mar 4-8, 2019	1,217,119 Dth/d - Primary Firm Scheduled
	1,605,576 Dth/d - Total Scheduled (includes all services)

Kern River encourages its customers to consider alternative delivery points upstream of the Goodsprings compressor station located in Kern River's Utah and Nevada market areas in the event nominations are impacted by the reduced operating capacity during the project.

Please review the important information that is posted to Kern River's Daily Operational Report at <https://services.kernrivergas.com> and contact your

Marketing & Customer Services representative or the Customer Services Hotline at 801-937-6111 should you have questions.

Thank you for your cooperation.
