Notice Text:

Force Majeure - Belen Compressor Station - Update #1

El Paso Natural Gas Company, L.L.C. (EPNG) has resolved the equipment failure associated with its Belen Compressor Station Unit #2 but the repair of Unit #1 is ongoing (Critical Notice No: 612735). Accordingly, the operational capacity through the CAPROCK N constraint will be increased by 20,714 dekatherms (Dth/d) per day, effective on September 15, 2021, Evening Cycle (Cycle 2). EPNG will be posting an updated maintenance notice to reflect the total impact through CAPROCK N constraint.

EPNG will provide updates as more information becomes available.

This incident constitutes an event of Force Majeure under Section 11.3 of the General Terms and Conditions of EPNG's FERC Gas Tariff.

For scheduling questions, please call your scheduling representative at (800) 238-3764.

For operational and capacity information, please call Russ Pyeatt at (719) 520-3729, Dan English at (719) 520-4722, or Tim Fuller at (719) 520-4339.

For media inquiries, please call Katherine Hill at (713) 369-9176.
