Pipeline Maintenance – Line 1300 – NORTH ML Impact

El Paso Natural Gas Company, L.L.C. (EPNG) has scheduled pipeline anomaly repair on Line 1300 downstream of the Bluewater Compressor Station (Maintenance Notice No: 616671). The pipeline anomaly repair requires a pressure restriction which will result in a reduction in operational capacity of the NORTH ML constraint.

EPNG will post an updated maintenance notice to reflect the total impact through NORTH ML constraint.

For scheduling questions, please call your scheduling representative at (800) 238-3764.

For operational and capacity information, please call Russ Pyeatt at (719) 520-3729, Dan English at (719) 520-4722, or Tim Fuller (719) 520-4339.
