Prior Notice:

Subject: Kemmerer ESD and Baker ESD - Maintenance Reminder

Notice Text:

As posted in the maintenance schedule on Northwest Pipeline's website, Northwest will be performing maintenance at the following locations next week:

- Kemmerer CS: located at MP 462.37 in Lincoln County, Wyoming on gas day June 01, 2026.

- Baker CS: located at MP 948.95 in Baker County, Oregon beginning gas day June 02, 2026, through gas day June 04, 2026.

The Kemmerer CS will be limited to 612,000 Dth/d northbound for the duration of the outage.

If primary nomination requests through the Kemmerer CS exceeds the available capacity of 612,000 Dth/d northbound (or whatever NWP cannot mitigate during any day of the maintenance), pursuant to Sections 10.2 and 10.3 of Rate Schedule TF-1 in Northwest's Tariff, Northwest will give notice of a Declared Deficiency Period based on a design capacity of 772,000 Dth/d northbound. The deficiency period will continue until the work has been completed.

The Baker CS will be limited to 357,000 Dth/d northbound and 463,000 Dth/d southbound for the duration of the outage.

If primary nomination requests through the Baker CS exceeds the available capacity of 357,000 Dth/d northbound or 463,000 Dth/d southbound (or whatever NWP cannot mitigate during any day of the maintenance), pursuant to Sections 10.2 and 10.3 of Rate Schedule TF-1 in Northwest's Tariff, Northwest will give notice of a Declared Deficiency Period based on a design capacity of 446,000 Dth/d northbound or 491,000 Dth/d southbound. The deficiency period will continue until the work has been completed.

Please reference the Maintenance Schedule tab at [www.northwest.williams.com](http://www.northwest.williams.com) for more information.

If you have any questions, please call your Commercial Services Representative or the hotline at 713-215-6301.
