Prior Notice Identifier:

Notice Effective Date: 06/06/2026

Notice Effective Time: 05:00 PM

Subject: 06-06-2026 - SNV - Hold Burn - High Line Pack

#### Notice Text

In response to high line pack conditions on Kern River Pipeline, Southwest Gas Corporation (Southwest Gas) is issuing a Hold Burn to Scheduled Quantities for Southern Nevada transportation customers. Positive imbalance nominations during this high line pack condition will not be accepted.

Southwest Gas requires all transportation customers to match or nominate less gas than projected usage. If conditions do not improve, an Operational Flow Order may be declared, resulting in a reduced tolerance window.

If you have any questions concerning this information, please contact your gas scheduling representative or your key accounts management (KAM) representative.
