Prior Notice:

Subject: Underrun Entitlement Warning

Notice Text:

Due to excessive banking and to preserve Northwests system balancing and line pack targets, Northwest is issuing an Underrun Entitlement warning for all Receiving Parties north of the Muddy Creek North Constraint beginning Gas Day Wednesday, October 7,2026 until further notice.

As a reminder and pursuant to Section 14.6(c) of its Tariff, customer-specific entitlements may be issued to Receiving Parties that:

- 1) have contributed to the adverse operating conditions for at least two consecutive days; and
- 2) whose actual measured deliveries have deviated from scheduled deliveries for the previous Gas Day by the greater of 10,000 Dth or 5 percent.

Please remain diligent in managing supply and demand and avoid banking the system. On system balancing on Northwests Electronic Bulletin Board is currently designated as No for all areas.

If you have any questions, please call your Commercial Services Representative or the hotline at 713-215-6301.
