Subject: Vernal Compressor Deficiency Period

Notice Text:

As indicated in All Shippers Notice #26-204, Northwest is currently performing maintenance at the Vernal Compressor Station through gas day October 19, 2026.

Primary northbound nomination requests at the Vernal CS have exceeded the available capacity of net 0 Dth/d northbound (or whatever Northwest cannot mitigate). Therefore, pursuant to Sections 10.2 and 10.3 of Rate Schedule TF-1 in Northwest's Tariff, Northwest hereby gives notice of a Deficiency Period for Gas Day October 09, 2026. The Deficiency will be calculated based on a design capacity of 353,000 Dth/d northbound. The Deficiency Period will continue until the work is completed. Northwest will post on its EBB if unable to mitigate volumes each day until the work is completed.

Please reference the Maintenance Schedule tab at www.northwest.williams.com for more information.

If you have any questions, please call your Commercial Services Representative or the hotline at 713-215-6301.
